

This is

SMART MIXING.

Novid[®]
BUILT TO ENDURE.

**DIFFUSER AERATION
SYSTEM (DAS)**

Not only have we **CUT DOWN ON MIXING TIME** and **INCREASED SAFETY** for our staff, we have used the innovative setup as an easy way to inject nitrogen stabilizers while mixing at the same time.

- Alex Wahl | GJ Chemical

Mix Your Tank SAFELY in Under 24 hrs.

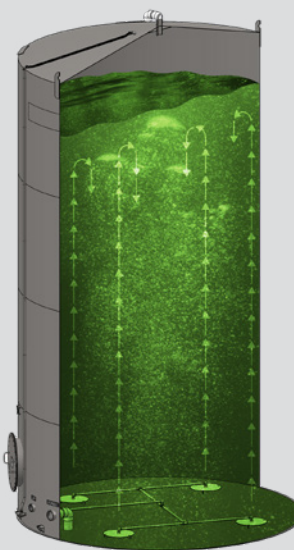

Don't assume adequate mixing without sample testing. Consult your local fertilizer dealer.

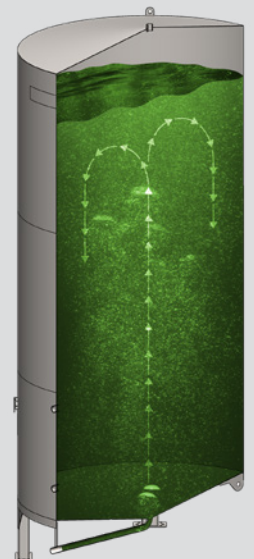

- ✓ Factory-installed or retrofit option
- ✓ Included on flat and cone bottom tanks
- ✓ Low up-front and no ongoing costs
- ✓ Virtually eliminates environmental risk
- ✓ Control box regulates pressure & pulse frequency
- ✓ Floor plates (flat bottom tanks) evenly distribute air throughout tank

Scan to see DAS in action!
